Due to institutional closings and consolidations, population averages have been combined as follows:

BMCX reflects the combined total of BMSP and MCRC in the pre-merger years 1993-94 through 1996-97.

MLCC transitioned from a male to a female facility in FY 1999-00.

MTCX reflects the combined total of MTRC and NCSC in the pre-merger years 1993-94 through 1996-97.

NECX reflects the combined total of NECC and CCWC in the pre-merger years 1993-94 through 1996-97.

NWCX reflects the combined total of NWCC and LCRC in the pre-merger years 1993-94 through 1996-97.

WTSP reflects the combined total of WTHS, CCCF, and WTSP prior to 1998-99. The newly formed WTSP includes former WTHS, CCCF minimum annex, and 1536 new medium beds constructed adjacent to WTHS for 1998-99 and subsequent years.

Misc. reflects the combined total of CCSC, KCSC, and TCWC, (three small minimum security facilities closed during 1997-98).

DSNF transitioned from a coed facility to a male facility in FY 2001/2002.

WCFA opened October 28, 2002

NOTE: This report reflects an average of the daily counts at each institution which are reported via the *TDOC Population Overview Report* produced by the TDOC Classification section

DEFINITIONS

TOTAL BEDS AVAILABLE

Institutional capacity designed and constructed for housing inmates sentenced by courts. This category includes general prisoner population, segregation, classification, and special programs, e.g., mental health and health.

TDOC OPERATING CAPACITY (DESIGNATED CAPACITY) Reference: TCA 41-1-503

Operating capacity is based upon the number of total beds available and the designated use of certain beds. The OPERATING CAPACITY indicates the population which should be assigned to the institution on a regular basis. The underlying logic is to exclude from capacity beds for special purposes such as medical or mental health reasons, disciplinary segregation, protective custody, and maximum security. The Department's operating capacity is currently set at 98% of total beds available.

POPULATION

The POPULATION reported is the assigned count on the last day of the month. It includes inmates on furlough, out to court for appearances, in the hospital, or on escape status. All of these are expected to return to in-house custody.
